Featuring the “shimmering tones” of soprano, Jamie Chamberlin and renowned operatic tenor, Nathan Granner, accompanied by pianist Kevin Korth’s “full of color and character” playing.

Jamie Chamberlin enjoys a diverse career as a soprano, producing artist, and sought-after interpreter of new works.

Nathan Granner’s impressive performing career is marked by critical acclaim for his exceptional range and distinctive timbre in a variety of projects and productions.

Kevin Korth is an in-demand recitalist, coach and pianist who has collaborated with numerous legendary artists.

Brian Staufenbiel: Creative Designer for Opera Parallèle, producer/director and well-known in the area’s music scene, will serve as the evening’s MC.

Singing the praises of the many services provided for those with vision loss, Vista Center will hold our annual benefit concert, **Voices for Vista** on Wednesday, June 7 at Kuumbwa Jazz Center in Santa Cruz. Our three talented artists will delight us with popular songs and the best of Broadway throughout the evening.

**Tickets for the live performance are \$100/person, and a streaming option allows anyone, anywhere, to join in the fun for only \$50.**

Believing that vision loss is no longer a barrier to independence, Vista Center empowers individuals who are blind or visually impaired to embrace life to the fullest through evaluation, counseling, education, and training.

We take a holistic approach, meeting clients where they are to define what they can do (rather than what they cannot). Our team of experts create a personalized plan to maximize remaining vision.
