

Vista Honors Be My Eyes Founder, Hans Jørgen Wiberg

A Sight Tech Global VIP Event | Benefiting Vista Center

Friday, December 8, 2023 | 6:00 - 8:00 PM
Vista Center, San Jose Branch

As a culmination to the **Sight Tech Global** conference, **Vista Honors** brings together Silicon Valley's accessibility community to honor revolutionary leaders and companies that are shaping technology to support people living with vision loss.

Our 2nd annual event will honor the work of social entrepreneur **Hans Jørgen Wiberg** and the company he founded, **Be My Eyes**.

This exclusive in-person event and fundraiser benefits Vista Center's critical programs that restore hope and promote independence, transforming lives for more than 3,700 blind or visually impaired youth, working adults, and seniors annually.

For blind or low-vision individuals, reading a label, a street sign, or a menu, can present significant daily obstacles.

Be My Eyes is a revolutionary (free) mobile app that connects people living with vision loss to volunteers and company representatives who offer their sight to help with daily living tasks.

Leveraging video technology, Be My Eyes is accessible in more than 150 countries worldwide and in over 180 languages, offering rapid access to sighted assistance that has the power to make a significant difference in someone's life.
